

Kittydog Groomed Me

And some of my friends - GalaxAi 2024

(CW: zoophilia, grooming, pedophilia, pornographic subjects,)

Okay this is being rewritten but i wanna start this with taking accountability for “defending” murmur. That was not my intention and i shouldn't have given them the platform. I do believe that everyone should have a voice and because of the blackmail that was involved i thought it may have been the correct decision to allow them to speak up about their side. It was wrong and im sorry. I would also like to apologize to taco. I didn't know you cut off angel. When i had finally got my place to live after being kicked out and a computer to use it still said you were both friends on twitter and discord.

I don't want to be associated with any of you not just because how far things went but also because i couldn't bring myself to forgive zola. Especially with her still being sexual towards minors and the members of HHRS. more specifically you Taco and Marscat. I hope you will understand this.

This will now be specifically about Zola grooming me when i was 13 in 2018, as well as two other victims that have come forward. This pattern seems to be a cycle that went on from 2017 all the way to 2022. (evidence of this in my thread on twitter with a call out that came out two years ago but was ignored. Zola was 19/20)

Starting with my experience with Zola:

I met zola in 2018 when i was in a group chat on google hangouts called YAOICLAN. (if it sounds familiar thats because that is where the sagutoyas stuff happened)

I was 12 and she was 16. Kittydog and i started to get closer when i turned 13 and we had moved everything off of hangouts to discord. I had received a message from a friend of mine who went by “Elliot”. Elliot had told me that kittydog had sent them photos of several dildos from bad dragon. (the zoophile company.)

what rne Fuck.

Victim was around the same age i was when this happened and it was all around the same time. this is the victims statement.

its appalling to me that shit like this can be forgiven and forgotten and kittydogg is held to such hypocrisy.

the victim is the friend from my doc that went under the name "Elliot" at the time.

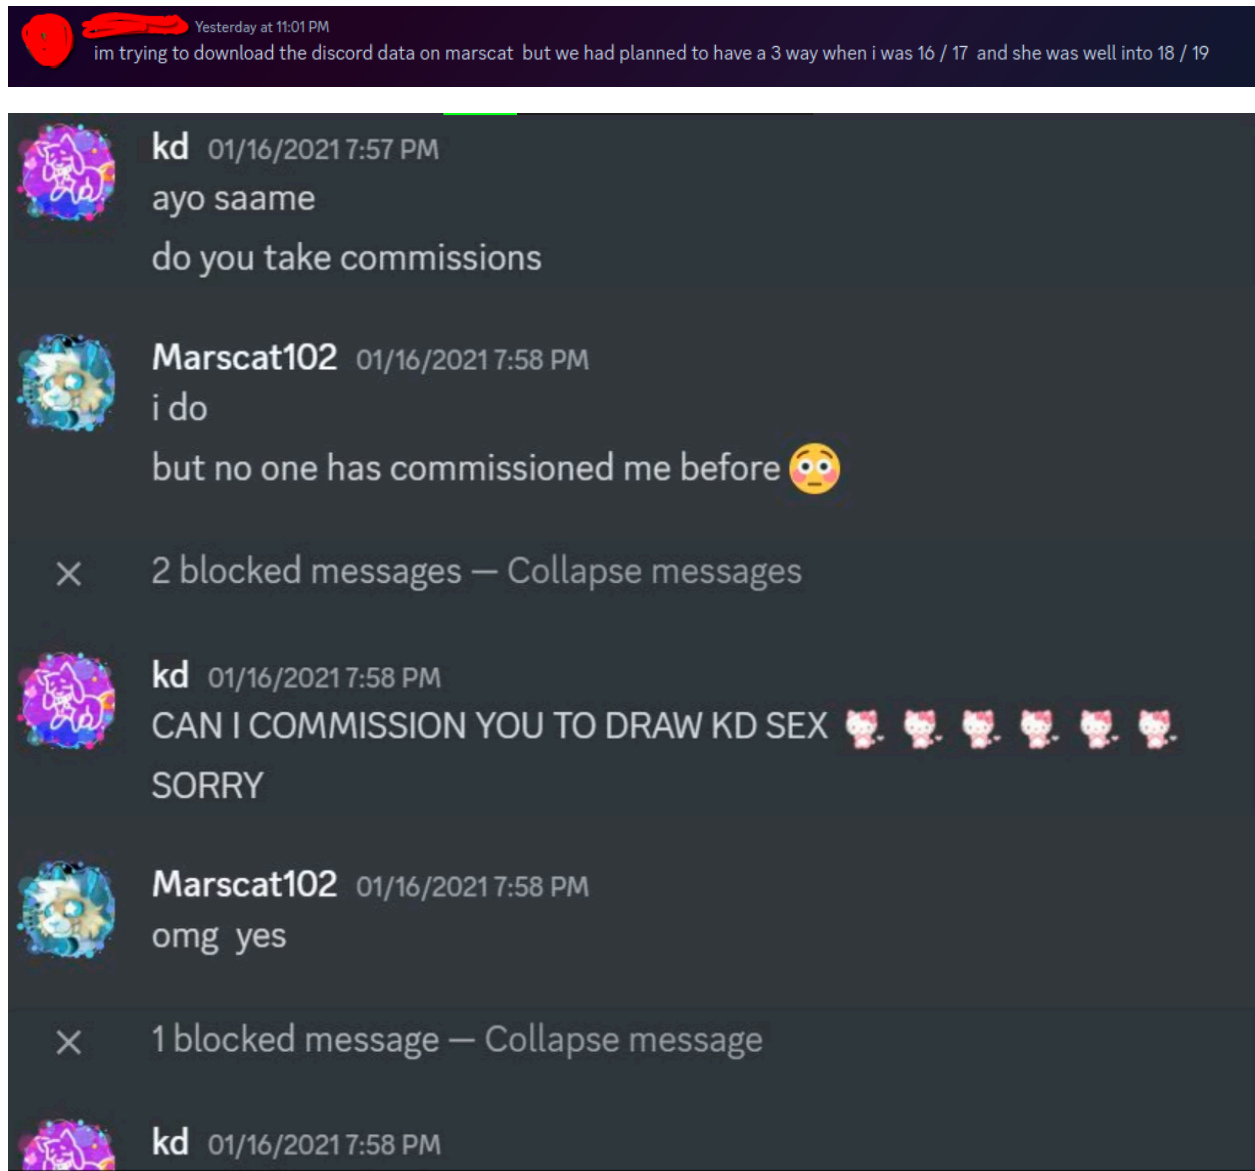

Elliot was also 13. After hearing about this, i reached out and wanted to know if it was true, in my mind around that time it was just: my favorite youtuber?!?!?! Has a dildo?!?!?! How crazy.

Later we would have a call where i was shown all 3 of her dildos from bad dragon, all with knots and her dog-like in style. After this we would loose touch as friends as Yaoiclan came to a close when i was 14. Me really only keeping in touch with a handful of people from said group.

During this period of no contact kittydog had created a server thats acronym was HHRS, it was a discord server that had minors in it where kittydog was frequently sexual towards her friends. One of these friends being a user named Marscat ; as far as i know mars cat is making a video compiling all of the most recent stuff from up until they blocked kd in early 2024.

Here is the evidence i do have of marscat being groomed by kd:

There was also a video that was made by Marscat in 2022, but it was swept under the rug by kittydog and ultimately ignored. As i said before marscat is making a video with the most recent evidence but for now we have stuff as recent as 2022.

Final statement

birdie/jack tried to come out about this, and it was swept under the rug and she was forgiven. There was more victims, this wasn't just when she was a child this was also well after she became an adult. There comes to a point where swearing you've changed isn't enough. You need to be held accountable for what you've done. You need to be held accountable for those you've hurt.
